TABLE OF FIGURES

ACRONYMS AND ABBREVIATIONS

Serial #	Acronym	Abbreviation
1	CO	Counter Operator
2	OTO	Operation Theater Operator
3	PO	Pharmacy Operator

1 Introduction

Our Proposed System will be a web-based system and it will handle and proceed the accounts solution of Hospital and Pharmacy. User will be able to add medicines, print medicines bills of Pharmacy and keep track of Pharmacy stock. System will also provide daily reports on Admin's different businesses as well as Pharmacy and Hospital.

1.1 Purpose

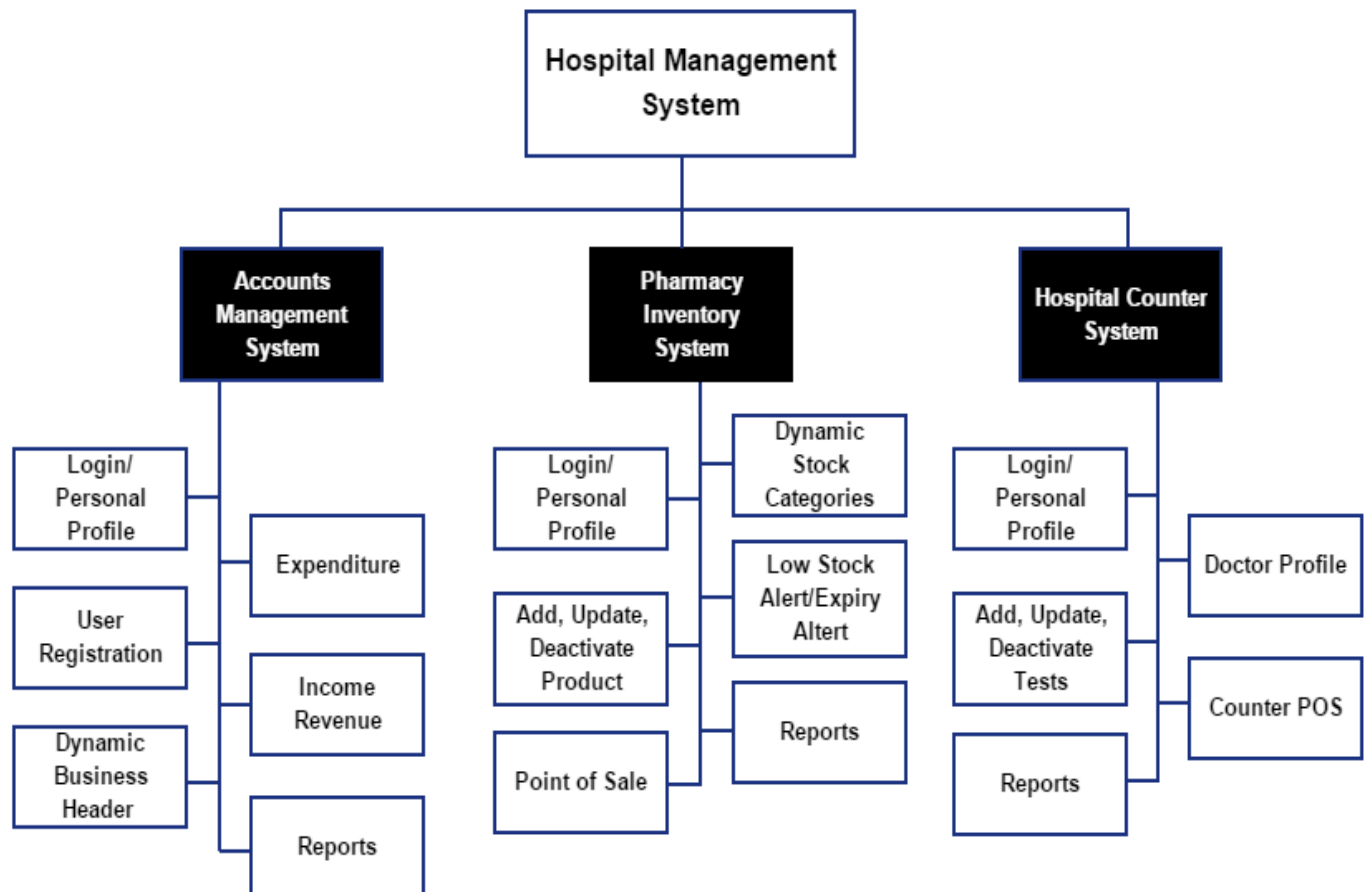

The purpose of this document is to present a detailed description of the Web based Solution. It will explain the purpose and features of the system, interfaces of the system, what system will do, the constraints under which it must operate and how the system will react. This document is intended for both the stakeholders and the developers of the system.

1.2 List of Major Project Deliverables (Modules)

- Accounts Management System
- Pharmacy Inventory System
- Hospital Counter System

2 Interactions

2.1 System Hierarchy

3 Functional Requirements

3.1 Admin

- Admin will be able to login the system.
- Admin will be able to change password and update personal profile.
- Admin will be able to add/update/de-activate users (CO, OTO and PO).
- Admin will be able to view registered users list and details of each user.
- Admin will be able to add/update/de-activate business headers.
- While registering a new business header, admin will be able to select a category for each header. As each category has its own type, system will enable the types accordingly. Following are the categories and their types:
 - Hospital (**Types:** Expense/Naam)
 - Income/Jama will be updated automatically from CO and OTO portals.
 - Other Businesses (**Types:** Expense/Naam and Income/Jama)
 - Stock (**No type**)
- Admin will be able to view registered business headers and details of each header.
- Admin will be able to enter Income, Expense and Stock value against each relevant business header (Income/Naam of category “**Hospital**” will be updated automatically from CO and OTO portals).
- **Naam** is the cumulative addition of the expenses of a specific business header.
- **Jama** is the cumulative addition of the income of a specific business header.
- **Cash in Hand** is the difference between total Income and Expense of all categories business headers excluding “**Stock**”.
- Admin will be able to view/print following reports from the system.
 - Daily, weekly, monthly and yearly reports of revenue and expense of each header.
 - Pharmacy reports includes income, expense and stock reports (from or to date selection).

- Hospital Counter System report includes: Doctor's reports, no of test conducted reports etc.
